WF Education and Design & Technology...

Our **Akira™** solution is a mobile, heavy-duty workstation and storage system designed and manufactured in the UK by WF Education Group specifically for use in practical and technical education settings.

Our **TSL** brand offers you specially selected, education-ready machinery and equipment, as well as tools and consumables, which pair perfectly with our **Akira™** range of furniture.

For more information, to get in touch, or to simply explore the Akira™ range visit: shop.wf-education.com/dnt/akira
